

NSA HIGH SCHOOL DIVISION PILOT PROGRAM

2016 we will be offering a new pilot program which will be called High School Division. It is open to all players 15 through 18. These tournaments will be non qualifiers with paper roster. This will allow teams that are short players due to school ball to play in tournaments with pick up players. Either from within your organization or from other teams. Since these are paper roster tournaments, the guest player rules will not apply. The hope is that there will be second year 14u, 16 and 18u teams that will have the opportunity to play in both two day events and or Sunday only tournaments for High School Division players. Coaches will have the opportunity to play tournament ball with the balance of their roster and not wait for school ball to finish. Teams can use their current sanction number and name (team sanction must be age group of oldest players) for example if you have an 18 year old you cannot use a 16u sanction. The other option is to sanction a "High School" team. If you use your current sanction insurance issue does not change. For other teams we will not require you to purchase a new policy for these events. We hope this will be something that will interest you, and be a great way for an organization that has a 14 16 and 18u team to form a team with non varsity players and get some games in. More info to follow or if you have questions please contact your local director. These tournaments will have (High School or HS) in the name on our schedule.

Thanks for playing NSA
Frank Rachubka

State Youth Director
